Cleaning guide

Interactive

Plug & Play

Our team of developers ensures that the software is correctly installed and tested on your interactive play system. All you have to do is plug it in, and the play system is ready for use!

Vandalism-proof

The glass in our screens is tempered glass, making our interactive play systems safe, durable and vandalism-proof.

Multiple touchpoints

All of our touchscreens have 10+ touch points, enabling up to four children to play together at the same time.

Easy to clean

The flat, rimless display surface eliminates issue with dust and debris build-up in the corners around the screen.

No violence

Our software contains no violence, so children of all ages can safely play and enjoy all games.

No language

We never include any language, words or texts in our software, so all children can understand the games, even in other countries.

24/7 playtime

Our interactive play systems are made for 24/7 use. You can also choose to turn the power off, or connect it directly to your main power source.

No extra costs

Our softwares and interactive systems do not have monthly subscription plans or additional costs after purchase.

Important! These instructions are only for cleaning the screens of our interactive play systems. Do NOT use these instructions to clean the cabinet around the screen. Failure to observe this instruction can cause material damage which may impair the functionality of the device.

When cleaning the interactive screen, please make sure to only touch the screen, not the cabinet around the screen.

Always use screen wipes with alcohol.

Important! Never use sprays or soapy water for the screen.

Use 2 different wipes to ensure that dirt and bacteria are fully removed.

Check if the corners of the screen are clean as well. Dirty corners and edges may negatively influence the screen's functionality. Use a corner of an alcohol wipe or cotton swab to clean the edges and corners.

Aim to clean the screen every day for best results and for prevention against bacteria.

Custom Softwares

Our own team of IKC developers creates adventurous, challenging and educative games that can be enjoyed by children from all ages, from all over the world.

Because we create everything ourselves, we can easily customize our software to best match your corporate identity and other preferences!

Free!
Your own logo in the software!

Custom softwares Examples

Software Arctic Adventures

Arctic Adventures is part of our IKC Arctic collection. It contains 14 games that take place outside in a natural setting with cool, neutral colours.

The overall theme is 'save the planet', teaching children to become environmentally conscious in a playful way.

The games are aimed toward children from 4 to 8+ years old, and don't contain any violence or language, making it enjoyable for kids of all backgrounds.

Kids 1 - 2
Age 4 - 8+ years
Games 14

Suitable for the 10, 17, 21, 32, 43 and 65 inch.

Software Supermarket

Our Supermarket software contains 11 interactive games with relevant themes such as farming and where food comes from, fresh produce, life as a family, and being environmentally conscious.

This software is aimed towards children between the ages of 4 and 8 years old.

Kids 1 - 2
Age 4 - 8+ years
Games 11

Suitable for the 10, 17, 21, 32, 43 and 65 inch.

Software Galaxy explorers

Software Game train

The Galaxy Explorers software is part of our IKC Monster collection. Its 9 interactive games take place within the fantasy monster universe!

Children will learn to help the monsters to solve puzzles, keep the universe clean, and repair space vehicles.

The games are aimed toward children from 4 to 8+ years old, and don't contain any violence or language, making it suitable for children of all backgrounds.

Kids 1 - 2
Age 4 - 8+ years
Games 12

Suitable for the 10, 17, 21, 32, 43 and 65 inch.

The Game Train travels all around the world, and rewards children at the end of each level, stimulating their self-confidence.

Players can build, solve puzzles, spot the differences, draw, and more. Each game contains multiple levels so kids are constantly being challenged!

The games are designed for kids from 4 to 8+ years old.

Kids 1 - 2
Age 4 - 8+ years
Games 12

Suitable for the 10, 17, 21, 32, 43 and 65 inch.

Software Touch table

The Touchtable software is specially designed for the 32 inch and 43 inch Touchtable, and allows up to 4 children to play around the table at the same time.

Together, kids can do fun activities like play sports, eat sushi, catch fish, and more! The games do not contain any violence or language, making them suitable for all children.

Kids 1 - 4
Age 6 - 12+ years
Games 8

Suitable for the 32 and 43 inch TouchTable

Software Delta 65 inch

This software, specially designed for the large Delta 65 inch system, creates an amazing play experience for up to 4 players at the same time!

It contains 8 educational games, such as searching moles, guiding the caterpillar toward the apple, and keeping the car on track. The games are suitable for children from 8 to 12+ years old.

Kids 1 - 4
Age 6 - 12+ years
Games 8

Suitable for the Delta 65 inch

Software Steering wheel

The Delta 21 Steering Wheel 8+ contains three built-in 3D games that are educational and challenging for kids from 8+ years old.

The games can be selected and played by turning the wheel, instead of using a touchscreen or buttons. This unique play system is a true eye-catcher for your business!

Kids 1
Age 8 - 12+ years
Games 1

Suitable for the
Delta 21 Vertical 8+

Why together with IKC?

THE POWER OF PLAY BY IKC

Our goal is to turn every organisation into a child friendly environment. By combining our knowledge and love for the way children play, we create powerful products that transform any room into a child friendly place.

The goal of our creative and challenging kids play areas is to enable children to feel comfortable and enjoy themselves endlessly.

SAFE, FAIR AND SUSTAINABLE IS OUR MIDDLE NAME

This is important, especially when it comes to children playing. We have mapped our footprint and are working to reduce it as much as possible. That is why we use materials that are safe, durable and don't cause any damage to the environment. This will not just benefit the playing children now, but also in the future.

FROM DESIGN TO INSTALLATION

We control the entire supply chain, from design to installation. With headquarters in the Netherlands and Shanghai China and a factory in Jiaxing China, we serve customers all over the world.

Our full-service philosophy:

- extensive advice
- choice from our collections
- a custom design
- complete installation, maintenance and broad warranty

HAPPY CHILDREN MAKE A BETTER WORLD

By combining our knowledge and love for the way children play, we create powerful products that transform any establishment into a child friendly environment. Our aim is to ensure that the creative and educational play concepts make children feel happy and good, so they can be themselves.

SUSTAINABILITY AND SAFETY STARTS WITH THE MATERIALS

Only the best kind of wood, paint that leaves no chemical traces, a minimum amount of plastic and as much recycling as possible.

Our sustainable play concepts:

- contain the best types of FSC certified wood
- comply with the EN-71 safety standard
- are sprayed with antibacterial and scratch resistant paint
- are easy to clean and to maintain
- don't contain any loose parts

DO YOU WANT A CHILD FRIENDLY ENVIRONMENT?

Whether you have a lot or little space, a large or small budget: creating play value is always an option. We have been providing play value to organisations all over the world for many years.
